EDUCATION

VERITAS UNIVERSITY ABUJA Abuja, Nigeria

Bachelor of Science in Computer Science
Relevant Coursework: Software Engineering, Web Programming, Database Management, Digital Logic Design, Computer Architecture, Data Structures and Algorithms.

EXPERIENCE

FixmasterPos **September. 2024 - Present**
Backend Engineer New York, NY(Remote)

- Built a comprehensive bill payment feature supporting over 150 cross-platform service providers across the U.S. and internationally.
- Developed a robust time-tracking feature that allows employees to clock in, take breaks, and clock out, automatically calculating total time worked and hourly pay at the end of each day.
- Engineered version 2 of the FixMaster POS API, significantly enhancing system performance, scalability, and reliability.

Script Desk **June. 2024 - April 2025**
Mobile Engineer | Contract Lagos, Nigeria(Remote)

- Designed and developed a loan payment platform, enabling users to request loans, receive approvals, and manage payments effectively.
- Designed and developed a health platform for seamless appointment booking, diagnosis and prescription management, improving patient care.
- Designed and developed Nimi, an Nfc platform that fosters personalised, exclusive experiences, strengthening the connection between artists and their fans.

PocketLawyers **March. 2024 - July 2024**
Backend Engineer | Contract Lagos, Nigeria(Remote)

- Developed a system for virtual legal services, including seamless chat and document sharing.
- Built a Slack/Trello-like collaboration space for lawyer interaction and mobile access.
- Created lawyer profiles with performance metrics, KYC submission, and service listings.
- Integrated a secure escrow payment feature and an admin system for platform monitoring.

Turfind **February. - Present**
CTO/Backend Engineer Abuja, Nigeria(Remote)

- Developed a secure end-to-end real estate payment system with escrow services to protect transactions.
- Engineered a dynamic marketplace for property listings and integrated 3D virtual tours.
- Implemented a robust chat feature for direct communication between buyers and sellers, ensuring real-time interaction.

TECHNICAL SKILLS
